

Arynn's Heavenly Sword

A modification for „The Elder Scrolls 4: Oblivion“ inspired by the game „Heavenly Sword“.

The Elder Scrolls IV
OBLIVION

Arynn's Heavenly Sword
Version 2.0

by Arynn
Male mesh conversions and wig
by AlienSlof

In a Water deep
guarded by a wraith
there it is

the princes' chest
forgotten
for a long time
waiting to be found again...

Become a member of the magesguild
and you will find out...

The Elder Scrolls IV OBLIVION®

Arynn's Heavenly Sword Version 2.0

Requires:

Male body: Robert's male (will work with v3 or v4)

Female body: HGEC-Fighterboddy C-Cup
or Exnems EyeCandy

Installation:

Extract the 7z-archive and copy and paste the files according the folders. Overwrite old files. Don't worry, only files of „Arynn's Heavenly Sword“ will be overwritten.

Than activate the esp you want to play in the launcher.
Attention! Do only activate one of the 4 esp-files!

Bugs:

If you should find a bug, please send me a PM via „Scharessoft-Forum“ or „TES Eye Candy Forum“.

This mod shows a lot of naked skin, therefore I have to use bodymeshes. Some movements like creeping may cause clipping-errors. I've tested a lot and the current version is imho the best compromise between „looks good“ and „it is clipping“

Credits:

I'd like to thank:

- AlienSlof for her support and the conversion of the male meshes and the creation of the wig
- Growlf for beta-testing
- The „Spieleabend“-Forum for the constructive criticism
- The TESEyeCandy-Forum for the same reason
- And Bethesda for a great game!!!

Have fun with the plugin!
